

Project Concept Note

1-Organization

Name of the submitting organization, location and date of submission.

2-Project Title

3-Short Problem statement

The most recent developments to justify the intervention.

4-Objective

Briefly state the direct objective of the intervention.

Example: Provide immediate life-saving assistance to vulnerable populations affected by [disaster/crisis] through the rapid delivery of food, clean water, medical care, shelter, and protection services.

5-Target Population

Identify the specific target group you aim to serve through this intervention. Specify the number of

Example: Displaced families, children, elderly and individuals with disabilities...

6-Target area

Specify the exact target area with justifications. If the intervention is in schools, mention the name of the school and who runs it (UNRWA, Government...)

7-Key Interventions

What are the direct activities of the project: Example:

1. **Food Security:** *Distribute emergency food rations and provide nutritional support.*
2. **Water and Sanitation:** *Supply clean drinking water, sanitation facilities, and hygiene kits to prevent disease outbreaks.*

3. **Health Services:** Deploy mobile clinics, provide essential medicines, and support local health facilities.
4. **Shelter:** Provide emergency tents, blankets, and other shelter materials to displaced populations.
5. **Protection:** Implement child protection programs, gender-based violence prevention, and ensure safe spaces for vulnerable groups.
6. **Education:** Advance academic, professional, or social development, bridge gaps in school readiness or providing specialized training.

8-Implementation Strategy

What is the action plan to implement the project: Example: Rapid needs assessment through local partners, partnerships with UN agencies, NGOs..., Immediate mobilization of resources (food, water, medical supplies) through pre-established supply chains.

9-Project Expected Budget

Total projected cost to implement the project. Specify requested funding from KINDER.

10-Project Duration

Project time frame: Initial response phase of [X weeks/months], with potential for scaling and transition to longer-term recovery efforts.

11-Outcome:

What are the expected results? How did the project contribute to achieve the Objective: Ensure immediate survival, alleviate suffering, and lay the foundation for recovery and resilience-building.
